REPEAL OF EMERGENCY MEASURE

The Ministry of Health as an administrative authority competent pursuant to Section 80 (1) letter h) of the Act No. 258/2000 Coll., on Protection of Public Health, and on change of certain related acts, as amended (the "Act No. 258/2000 Coll."), adopts within procedure pursuant to Section 68 (1) and (3) in connection with Section 94a (4) of the Act No. 258/2000 Coll.,

I.

repeals the emergency measure dated March 24, 2020, ref. no.: MZDR 5503/2020-5/PRO.

II.

This emergency measure is effective as of the day of its issuance.

Rationale:

All air carriers operating direct international flights with passengers on board from the Republic of Korea to all international airports in the territory of the Czech Republic were prohibited from further operating such flights by safety measure adopted by the Ministry of Health on March 2, 2020, ref. no.: MZDR 5503/2020-5/PRO (hereinafter as the "safety measure"), with effect from Thursday March 5, 2020 until this safety measure is repealed.

Section 94a (4) of the Act No. 258/2000 Coll. provides that if the reasons for the issue of a measure of a general application pursuant to paragraph 2 have expired or have changed, the public health protection authority shall repeal or amend them without delay.

Given the fact that the Government of the Czech Republic adopted a resolution No. 203 dated March 13, 2020, issued under No. 76/2020 Coll., which ordered since March 16, 2020 a ban on entry for all foreigners with the exception of foreigners with temporary residence exceeding 90 days or with permanent residence in the territory of the Czech Republic, therefore the reasons for a special ban on flights from the Republic of Korea no longer exist.
